

Youth Progression – Junior Team Tennis Help Guide

1. Players can earn credit by playing in a 10U Junior Team Tennis division
2. Players 10 years of age and younger are unable to register for 14U and 18U JTT divisions unless they are Yellow Ball/Mission Complete in the Youth Progression system
3. Players can earn credit by playing in singles and in doubles
4. Players can earn credit by playing orange or green ball (the system doesn't track ball color)
5. Players can earn credit in both local Junior Team Tennis and National Championship JTT tracks
6. Players can receive participation stars for only one team per season
7. Players must play a minimum of 2 matches for team to earn JTT credit (not including defaults)
8. Players can receive credit for a maximum of 2 seasons per calendar year
9. Participation stars will appear on players profile after the flight end date
10. A 10U player will be able to register for a 12U division but will not receive automatic credit for that participation
11. Programs that have no age cutoff will default to using August 31 as the cut off for Youth Progression divisions
12. A player "ages out" the 1st of their birth month. If a player "ages out" before the season ending date of the 10U or 8U division they are trying to register for, they will be unable to register
13. In TennisLink, programs that use the National Age Cutoff date (August 31) to determine the age of the player will consider a child who is currently 10 and has their birthday before August 31, as an 11-year old - and they will be able to register for 12U, 14U, or 18U JTT divisions

Options Chosen by USTA Sections:

- 1 – Hawaii, Intermountain, Middle States, Midwest, Northern, Nor. California, Pacific Northwest, So. California
- 2 – Missouri Valley, Southwest, Texas
- 3 – Eastern, Mid-Atlantic, New England, Southern
- 4 – Florida
